SEVENTEEN ARE OPERATED ON AT TONSIL CLINIC

Doctors and Nurses Give
Gratuitously of Their
Skill and Time

CONDUCTED TODAY

Patients Chosen After Exam-
inations in the Public
Schools

Seventeen boys and girls are today
having their tonsils removed at the
annual tonsil clinic conducted at the
Harriman Hospital.

The cases, which are the out-growth
of examinations conducted in the
public schools by Dr. William C. Le-
Compte and Miss Nora Jones here
during the past few months, are cared
for gratuitously, with physicians and
nurses of Bristol giving freely of
their services, and Dr. George T. Fox
putting the facilities of the Harriman
Hospital at the disposal of the group.

Operations started at 5.30, and are
continuing throughout the day. The
tonsils will be returned to their homes
this evening if no complications de-
velop.

The cases chosen for operation were
the advanced ones, where the
tonsils were greatly diseased.

The surgeons and physicians giving
freely of their skill and time are:
H. Doyle Webb, Frank Lehman, John
G. Steele, James Lawler, William C.
LeCompte, Thorne S. Harris, George
T. Fox.

The nurses are: Miss Nora Jones,
Mrs. Lena Broadbridge, Mrs. Eliza-
beth Singer, Mrs. Mulford Callanan,
Mrs. Theodore Mezargee, Mrs. Laura
Rue, Mrs. Harold Steibler.

Unable To Continue County Seat Re-Employment Office

No hope seems to be held that the
office of the Bucks County Re-employ-
ment Service in Doylestown can be
continued independently as it is at
present.

Representatives of the office, who
went to Harrisburg Friday, said on
their return they were told the Fed-
eral Government has definitely de-
cided to merge it with the Eastern
office, with only a skeleton staff left
at Doylestown, and few of the records.
Efforts of representatives of Cham-
bers of Commerce, Boards of Trade
and public officials in many commu-
nities, it is said, have failed to change
this determination for either Bucks or
other counties similarly affected.

The move is explained on the ground
of economy, but a member of the board
said today:

"What economy can there be? Practi-
cally as many employees will have to
be added to the Eastern office to take
care of the Bucks county end as are
employed here now, and there will be
the extremely costly telephone calls
between the two offices, as well as the
almost daily trips to Easton.

"But the really important loss to
Bucks county's unemployed will be
delay and the consequent lack of ef-
ficiency of the service—and, after all,
that is the real purpose of the set-up."

As an illustration of the loss of ef-
ficiency which would follow the trans-
fer of the active part of the office to
Northampton county, an official of the
Doylestown office said that an engi-
neer of the State Highway department
came personally to the office with a
request for a considerable number of
men to go to work Monday. He de-
clared that unless they were sent out
that particular job would have to shut
down.

This was an emergency situation,
but these frequently crop up, and it is
apparent even to the most uninitiated
that it would have been totally impos-
sible to handle this order from Easton
within the time limit required. This
order, on the assurance of the local
manager, could not have been filled
under the best of circumstances be-
fore Thursday or Friday of next week.

Croydon Resident Reports That Her Home Is Robbed

CROYDON, July 12—Mrs. Elizabeth
McCay, State Road and Bellevue ave-
nue, has reported to State Police, that
her home was entered and the sum of
\$25 and a gold ring valued at \$12
stolen, Monday.

Mrs. McCay states that she was in
the bungalow at the time, and heard
no noise of the intruders. Some chil-
dren playing in the street later stated
they saw two men leave the McCay
home via the window, and make their
way toward the railroad tracks.

The money reported in a bureau
drawer, it was reported.

AUXILIARY MEETING

LANGHORNE, July 12—At the home
of Mrs. Gilbert N. Bonnell, tomorrow
evening at eight, the American Legion
Auxiliary of Jesse W. Soby Post will
meet.

tended the funeral of a relative at
Reading, Mrs. William Houser, who

Tried in Morals Case

Gloria Marsh, film extra, and
Dave Allen, head of the Central
Casting corporation, are shown in the
courtroom at Los Angeles, where they
are on trial charged with an offense to the
public morals. Movie extra girls, whose
revelations before the grand jury
brought the indictment of Miss
Marsh and Allen, were the pri-
ncipal witnesses.

DEATH TRAILS WINNERS OF U. S. AIR CLASSIC

Only One Winner of Speed
Event Has Lived Over Five
Months After Race

FIFTH ON LABOR DAY

CLEVELAND, July 12—(INS)—An-
nouncement of the fifth annual run-
ning of the world closed course speed
classic, the Thompson Trophy Race,
which will be staged here this year at
the National Air Races Labor Day,
once again brings up the question of
whether the winner of the event is
doomed to short-lived glory.

Only one winner of the event has
lived more than a few months after
the running of the race. He is Major
James H. Doolittle of St. Louis, win-
ner of the 1932 race.

The other three winners, Charles
(Speed) Holman, Lowell Bales, and
James R. Wedell, all have "gone
West" within a few months after win-
ning the race.

Charles (Speed) Holman of Minne-
apolis, won the initial event at Cur-
tiss-Reynolds Airport, Chicago, Ill., in
1930, with an average speed of 201.90
miles per hour for the 100-mile dash.
Holman crashed to his death three
months later in Oklahoma with the
same plane with which he won the
Thompson race.

Lowell Bales, one of the greatest air
speed artists in the United States, was
the next to follow the fate of Holman.
Winning the Thompson race here in
1931, Bales went to Detroit the follow-
ing December to make an attempt to
break the speed record for land
planes. He did. He set a new Ameri-
can speed record of 281 miles an hour
for land planes.

The following day Bales made an
attempt to break the world record. He
was cutting through the air at a ter-
rific rate of speed when suddenly his
plane wavered. There came a wisp
of smoke from the exhaust and in a
moment the plane in which Bales copped
the Thompson race to set a new Ameri-
can record crashed into the ground.
All that remained of the plane was
a mass of twisted metal.

Bales was killed instantly.

Major Doolittle, flying a Wasp-
powered Gee Dee super-sportster in
which he set a new world air land-
plane speed record, won the Thomp-
son race here in 1932. He made an
average speed of 252.686 miles per
hour over the closed course.

Last year at Los Angeles, James R.
Wedell, of Patterson, La., who came
in second to Doolittle in the 1932 race,
crashed through the field to win the
1933 classic with an average speed of
257.952 miles per hour. Wedell was
killed this year at Patterson when a
student flyer he took up for a flight
"froze the stick" at a low altitude
and crashed into the ground.

But, although the winner of the race
faces an apparent jinx, none of the
air speed artists seems to be daunt-
ed. Entries will not be lacking, race
officials said, for the greatest speed
classic that is staged annually in
America.

HELD IN BAIL AS RESULT OF NEIGHBORS' QUARREL

Charles Spezzano and Mrs.
Annie Conti Air Their
Grievances at Court

THREW FLOWER POTS

Charles Spezzano, ex-police officer,
was held in \$500 bail for court yester-
day accused by Mrs. Annie Conti, a
neighbor, of striking her on the face
with a flower pot which she says Spez-
zano threw at her.

It appears there has been ill feeling
between Mrs. Conti and Spezzano for
some time. It came into the open on
July 5th. Mrs. Conti was in her back
yard and Spezzano was on his prop-
erty. The two exchanged words and
then Mrs. Conti said she threw pots at
Spezzano. Some had flowers in them
and some didn't.

One or two of the flower pots crash-
ed against the building and some hit
Spezzano, according to the evidence.

Then Spezzano threw the flower pots
back and Mrs. Conti was struck on
the face. She suffered a deep lacerated
and contused wound which required
four or five stitches. "A foreign sub-
stance was also extracted," stated Dr.
William C. LeCompte.

Lillian Denny and Ella DeRisi,
neighbors, gave their version of the
quarrel.

Leslie Monroe, attorney, represented
Mrs. Conti and J. Leslie Kilcoyne rep-
resented Spezzano. Both attorneys
conferred in an effort to settle the case
before Spezzano was placed under bail.

critics have censured Hays for
having permitted "impure" movie

BASIC CODE FOR LABOR

Washington, D. C., July 12—A "basic
code" regulating problems of labor
for the 262 industries not yet under
the blue eagle was announced today
as Recovery Administrator Hugh S.
Johnson flew westward for 30 days
combined vacation and speaking tour.
Under Johnson's promulgation, all
industries, except the service activi-
ties, will be given 30 days to complete
"code making."

It is not the N. R. A. plan, his order
noted, "to compel every industrial
group in the country to have a code,
but if any of those remaining out at
the end of the 30 days appear to be
harboring abuses of labor, a hearing
to determine whether a labor code
shall be imposed will be given within
40 days from today.

Johnson's plan does not include
arrangements for settlement of diffi-
culties surrounding the anthracite
coal and shipping industries and a
few lesser ones involving sectional
and international problems.

There are now 476 codified indus-
tries, representing more than 90 per
cent. of the industrial employment.

HIBERNIANS BREAK INTO LEAGUE'S WIN COLUMN

Independents Lose Contest

8 to 2

WARNER ON THE MOUND

BRISTOL TWILIGHT LEAGUE
Schedule for tonight
JEFFERSON at EDGELY

The Hibernians finally broke into
the win column of the second half
of the Bristol Twilight League, rally-
ing in the sixth inning to score five runs
and defeat the Independents by the
count of 8-2. It was the second
straight loss to the Rubino-managed
club.

Up until that disastrous fifth
fray had been a nip-and-tuck affair
from the start. For four frames the
teams were battling toe to toe, re-
fusing to yield a break to his oppo-
nent. The Hibs took the lead by
counting a tally in the fifth and then
broke loose in the sixth to put the
fray away.

"Mink" Warner again checked in
with a victory for the Big Green. He
was solved for seven hits but kept
them well-scattered enough to keep
the Indies away from the plate for the
last four cantos.

"Feet" Lasprella was charged with
the defeat as it was his slants that

LIQUOR CONTROL BOARD AGENTS SPREAD NET AND CATCH FIVE HERE FOR ILLEGAL LIQUOR POSSESSION

Three Released Under Bail for Further Hearings Next Week--
Two to Have Hearings Today — Two Released When
No Evidence is Found at Their Places — Agents Work
Rapidly and Amaze Those Caught by Their Knowledge
of the "Inner Workings" of the Places Visited.

Agents of the State Liquor Control Board cracked down
on Bristol last midnight and mopped things up generally.
They were assisted by the Bristol police.

Two arrests were made last night, three other places
were visited and the alleged proprietors will be arrested and
given hearings today; two men taken into custody were re-
leased because nothing was found at their places of business.

Word of the raids spread rapidly and it was but a short
time before the Municipal Court room was crowded with
friends of those who had been caught in the net, as well as
others who had merely been attracted through curiosity.

Illegal selling of liquor was stopped throughout the area
as news of what was happening spread through the "grape-
vine" route.

Fear and consternation was rampant and those who have
been violating the law scurried for cover. Lights went out and
doors were locked.

CONTROL BOARD AGENTS RAID POLISH PICNIC

Three Philadelphians Held For
Court After Raid At
Andalusia

MANY COMPLAIN OF IT

Three residents of Philadelphia are
under bail for court today as the re-
sult of a raid staged on a Polish pic-
nic conducted at Andalusia Park, Mill
Road, near Torresdale, last Sunday.

Those under bail:
Michel Lech, 21, 2745 Croyden
street, Bridesburg.

Marion Grzywnski, 48, 2750 Alsford
street, Bridesburg.

Anna Kapusta, 4730 Milnor street,
Bridesburg.

Andalusia Park has long been a
source of annoyance to the authorities
who have been flooded with protests
from nearby residents, as to the man-
ner in which it is conducted on Sun-
days.

The place was raided four weeks
ago and at that time Joseph Stryz-
ski, 47, Margaretta street, Frankford,
was taken into custody. He is now
under bail for court in the sum of
\$500. Agents of the State Liquor Con-
trol Board claim he was selling beer
and liquor at the place where a Pol-
ish picnic was being conducted.

Sunday, July 8th, two agents of the
Liquor Control Board, again visited
the place on complaint and the hear-
ings held before Justice of Peace
James Guy here, last night, were the
result.

According to the Liquor Control
Board agents they found between 200
and 400 people at the park when they
visited it on Sunday. Tickets of ad-
mission were sold and also coupons
for beer, according to the agents.
They claimed that Mrs. Kapusta sold
the beer tickets at a counter adjoin-
ing the one where the beer was being
dispensed by Lech and Grzywnski.

It is estimated that between 40 and
50 halves of beer are sold at the place
on Sundays.

The state agents were assisted by
Constable Joseph Seaders.

Knights Fete Women Who Had Given Them Aid

The committee of men of K. of C.
who were in charge of the breakfast
and banquet recently tendered the
local Knights of Columbus, were hosts
last evening to the women who were
instrumental in making the day a
success.

A banquet was served in the K. of
C. Home, and the remainder of the
evening spent in dancing.

Grand Knight James McGee, Paul
Barrett, William Slater, T. McGinley,
James Roche and William Elmer
made short addresses.

Attendants were: Miss Marie Gaff-
ney, Mrs. Andrew Moore, the Misses
Margaret McVaine, Catharine Strong,
Gertrude Roche, Julia and Frances
McFadden, Cecelia and Winnifred
Kelly, Mrs. Marvel Durham, Mrs.
Stacy Cullen, Mrs. Carl Winch, Mrs.
Warren Armstrong, Mrs. James Mc-
Gee, Mrs. Edward McCurry, the Misses
Margaret and Mary Roarty, Margae-
t Dougherty, Catherine Dugan, Angeline
Riley, Anna Wilkinson, Hester Boyle,
Catherine Marino, Mary Clardy and
Marguerite McFadden.

Messrs. James McGee, William Slater,
John Ennis, Edward O'Donnell,
John Lawler, T. McGinley, William
Elmer, Arthur P. Brady, James Roche,
Joseph Ward, Fenton Larrissie, Joseph
Clardy, Paul Barrett and Russell

BAKE SALE

The American Legion Cadets will
conduct a pie and cake sale at 1007
Pond street, Saturday, starting at 10
a. m.

The rapidity with which the raids
were staged and the general famili-
arity of the agents with conditions
inside the places visited, amazed those
caught. "These fellows must have
been working here for a long time,"
said one. Another asked: "How did
those fellows know where I kept it.
They went right to the spot."

One proprietor was asked by an
agent how to open a secret drawer,
and amazed at the knowledge of the
representative of the law, the man
opened the secret recess for him.

Those who have been selling liquor
on Sundays have also become fright-
ened and fear arrest. They don't know
whether the agents have obtained evi-
dence against them or not.

Some have bragged from time to
time that they knew whenever an in-
vestigator was in town. Now they are
not quite so sure. They feel just a
little uneasy.

"We didn't get them all this time,"
stated one of the agents. "But we'll
come back again from time to time."

Raids were staged in the fourth
ward, fifth, and third. A truck was
needed to haul 70 five-gallon cans of
alleged alcohol from a garage across
the street from the State Liquor Store.

Licensed liquor dealers who have
been obeying the law are jubilant be-
cause they considered the illegal pos-
sessors as jeopardizing their business.

At the hearings last night Nicola
Indelicato, 1011 Elm street, was held
in \$500 bail for a further hearing on
Monday night. Twelve cases of home-
brew were found. Two pots were in
the making and there were also three
barrels of wine in the place, according
to the agents.

Ralph Paglione, 813 Wood street,
was held in \$500

PART OF HER VARIETY

Some commentator has said that had Cleopatra's nose been somewhat longer the entire face of the world would have been changed, the implication being that an inch more of proboscis would have marred her facial beauty to such an extent that Caesar and Antony would have done little warring because of her. Now, the world being as it is, the head of the department of English of Princeton University wants to know if Cleopatra hopped and if so, why? One of the minor characters of "Antony and Cleopatra" states seeing the beautiful queen hop 40 paces along the street.

Perhaps it was just part of her varied activities. Another character in the same play, commenting on her, says:
*Age cannot wither her,
Nor custom stale her infinite variety.*

The professor is puzzled about the hopping because Shakespeare took much of the material for his play from Plutarch's Lives and Plutarch makes no mention of the Egyptian having any habit of hopping. However, he does cite an instance to prove she was a practical joker and indulged in one at the expense of Antony. The latter, wishing to show off as an angler, had some ill-luck. They just were not biting, so he had a diver attach a fish to his hook and pulled it up. Cleopatra, on the bank, observed the deception and when Antony went to fish the next day she had one of her divers attach a salt fish to the Roman warrior's hook. Thinking he had a real "bite" he pulled up, providing Cleopatra with a laugh. Charnian refers to the incident in "Antony and Cleopatra" but no details are given.

As to the hopping, not all the bard used was from Plutarch. Cleopatra, in her lighter moods, may have been dancing along the street. The action might have been described as hopping by one irreverent observer and another might have said she was prancing. Anyway, it did not change the face of the world, whereas a longer nose on her face might have done so.

WORDS AND WORDS

Is there any authority for "after-effects," as in the phrase "the after-effects of measles," and if so what and why? An effect must follow its cause; it can not precede it. If the effect must come after the cause, why call it an after-effect? Or if that is good English, why not speak of a before-cause?

Then there is the commonly used expression "wearing apparel." What is apparel for, if not to be worn? Is there any other kind of apparel? The dictionaries say apparel is clothing. One doesn't buy clothing to eat, or to hang on the wall. Shakespeare did not say: "The wearing apparel of proclaims the man." He said "apparel," net.

We are also moved to grief by the word "eyesight." To be sure there is foresight and more frequently hindsight. But sight implies the use of the eyes. People don't talk of earhearing or nosesmelling.

We suspect that all these expressions, and many more in common use that are equally tautologous, were invented by type-founders.

Being dignified doesn't leave much time for working.

SHORT CUTS TO THE DINNER TABLE

By Vera A. Schneider
Bananas Contribute Health Building Qualities Because of Vitamin and Mineral Content

For the past few weeks, I've given you a brief resume of the history of the banana, and this week I'm going to go into its health building qualities. Foods, just as materials used in industry, must live up to certain standards if they are to remain popular in the modern home.

In this day and age we ask two things of any food we use often—first, does it contribute to the family health quota; second, is it so appetizingly useful that it can be prepared in a number of ways.

Bananas meet these two demands, in positive fashion. As a health builder—with their five vitamins and important minerals—bananas are not only recognized but recommended by leading nutritionists.

One of the most important features about the banana is, of course, its easy digestibility, and that is simply a matter of eating it thoroughly ripe. The flavor of the bananas is exceptionally interesting and delicious. With a few bananas in the house and a little imagination, you will find many different dishes may be prepared, for you know, the banana is not only a

fruit to be served as a sala, or dessert, but it is a vegetable as well; an important food, indeed, and one rich in every-giving carbohydrates.

Furthermore, on the basis of food value, the banana costs on the average, throughout the entire year, very little. And had it ever occurred to you that this natural food-fruit is sealed by nature in a germ proof package?

Like all other fruits, the banana should be eaten when ripe, and in this respect, it does not differ from apples, pears, melons or other similar fruit, which, if eaten unripe, may cause digestive disturbances. However, when it is ripe or if cooked when partially ripe, the banana is easily digested and of great value in the diet of young and old.

And, since food experiments show that the fully ripe banana is readily digestible and is composed mostly of fruit sugars, in addition to an appreciable quantity of valuable mineral salts consisting of calcium, magnesium, phosphorus, sulphur, iron and copper, it is well to keep in mind that when you buy bananas you buy these very elements which go to build a healthy body and to keep it well. But here I am rambling on again, forgetting perhaps, that I am allotted only a tiny corner of this estimable newspaper and not the entire page.

Suppose I give you another recipe to add to your collection:

Banana Bran Nut Bread
1/4 cupful butter
1/2 cupful sugar
1 egg—well beaten

1 cupful bran
1 1/2 cupful flour
2 teaspoonfuls baking powder
1/2 teaspoon salt
1/2 cupful soda
1/2 cupful chopped nut meats
1 1/2 cupfuls mashed bananas
2 teaspoonfuls water
1 teaspoonful vanilla extract

Cream butter and sugar thoroughly. Add egg and bran. Sift flour with baking powder, salt and soda. Mix nuts with flour and add alternately with mashed bananas to which water has been added. Stir in vanilla. Pour into greased loaf pan. Let stand 30 minutes and bake in a 375 degree oven for one hour. Cool before cutting.

KEY TO LONG LIFE

MANSFIELD, O. — (INS) — "Behave yourself—that's the key to long life," That was the message of Dr. D. B. Miller, Richland county law librarian, when he celebrated his ninety-fourth birthday. He never has missed a day at work, and says he never has been ill a day in his life because of his cold bath and setting-up exercises each morning. He admits he is a hard

drinker—of milk and buttermilk.

WHY CRIMINALS ESCAPE

BOSTON — (INS) — "Even if you see a man stealing your spare tire you can't have him arrested until you have obtained a warrant," Police Commissioner Eugene C. Hultman made this startling statement at a Rotary Club luncheon, going on to explain that the present system of criminal procedure is the criminal's best friend.

WAKE UP YOUR
LIVER BILE—
WITHOUT CALOMEL

And You'll Jump Out of Bed in
the Morning Rarin' to Go

If you feel sour and sunk and the world
looks punk, don't swallow a lot of salts, min-
eral water, oil, laxative candy or chewing gum
and expect them to make you suddenly energetic
and buoyant and full of sunshine.

For they can't do it. They only move the
bowels and a mere movement doesn't get at
the cause. The reason for your down-and-out
feeling is your liver. It should pour out two
pounds of liquid bile into your bowels daily.
If this bile is not flowing freely, your food
doesn't digest. It just decays in the bowels.
Gas bloats up your stomach. You have a
thick, bad taste and your breath is foul,
skin often breaks out in blemishes. Your head
aches and you feel down and out. Your whole
system is poisoned.

It takes those good, old CARTER'S
LITTLE LIVER PILLS to get those two
pounds of bile flowing freely and make you
feel "up and up." They contain wonderful,
harmless, gentle vegetable extracts, amazing
when it comes to making the bile flow freely.
But don't ask for liver pills. Ask for Carter's
Little Liver Pills. Look for the name Carter's

AVERAGE CONGRESSMAN'S JOB MEANS LOSS TO HIM

Poor Business For One Who Wants To Lay Aside Competence

EXPENSES ARE HIGH

By William S. Neal
(I. N. S. Staff Correspondent)
WASHINGTON, July 10—(INS)—With the woods full of congressional candidates largely as a result of business conditions the query arises: "What is the job of congressman really worth?"

The veterans in the House of Representatives will tell you that it is a poor business for one who aspires to lay aside a competence for old age.

A poor man can be elected, possibly can save some money, but unquestionably the average member of the House leaves Washington with less money than when he came.

A member of the House receives a salary of \$9,500 a year for a two year term, the basic salary of \$10,000 being cut by the economy act.

In addition he receives 15 cents a mile coming and going from Congress. Most members drive their families to and from Washington. A member living 1,000 miles away would receive \$300 mileage, and probably could save \$200 out of that each session.

Members are allowed \$5,000 clerk hire. They can—and many do—have one member of the family or more on the payroll.

So for two years a member might make: salary \$19,000, mileage, \$200; member of family on payroll, \$5,000; total, \$24,000.

Against this a member might list as expenses the following:

Campaign each two years, \$3,000; maintenance of additional home in Washington, \$700 a session or \$1,400; trips to and from Washington not paid for by the government, \$500; contributions to churches, political organizations, etc., \$1,000; total, \$5,900.

A member gets a stationery allowance of \$125 a session, but they insist that the heavy increase in mail forces them to spend far more. They also may frank government telegrams.

The minimum of social duties, entertainment of delegations from home districts and other expenses eat deeply into the salary.

Rep. Cartwright (D.) of Oklahoma, maintains that a congressman's net salary is about \$3,000 a year.

Another liability, members say, is losing touch with business affairs back home. Most of the members of the House are lawyers.

A defeated member, veterans say, must count upon taking two years to reestablish a practice.

Some members of Congress admittedly save money, many make far more than they would at home—but the efforts of members defeated in the big turnover in 1932 to obtain any sort of a federal job is testimony to the effect that being a congressman is not a money-making business.

A senator is in somewhat better position because he is elected for a six-year term. But he also is required to live better, to maintain some social standing, his campaign expenses are heavier and his contributions to organizations back home are larger.

Today's Live News For Fat Folks

3 Great Letters
Read Them All

From all over the country—north—south—east—west come letters of praise for the world's safe and healthful enemy of fat—don't miss these 3 letters.

"I am using Kruschen Salts on advice of my Doctor. Have used three bottles and lost 15 lbs., and can recommend it to all my friends." Mrs. G. W. Bryant, Foxboro, Mass., 1934.

"I am using your Kruschen Salts for constipation and reducing. Have taken 3 jars and have lost about 20 lbs. I can recommend it to be great." Miss A. J. Harber, Pineville, Ky., 1934.

"I have taken 3 bottles of Kruschen. I weighed 256, I reduced 56 lbs., and felt better each day, have got my 4th bottle." Ed Jordan, Leveon, Ariz., 1934.

If you are proud of your double chin and bulging abdomen don't take Kruschen Salts. Ed Jordan made up his mind to take off 50 or more pounds of fat—and he did—Ed was sick and tired of lugging it around with him—persistence won for Ed as it will for any fat man.

A half teaspoon in a glass of hot water before breakfast every morning—get Kruschen at Hoffman's Store or any drugstore—(Adv.)

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep... Vigor... Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and dizziness.

If kidneys don't empty 3 pints every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may trouble you and lay you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS...

...which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 MILES of kidney tubes.

But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you up in 15 minutes for they may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS... the old reliable relief that contain no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-Milburn Co.

BIG RACE WEEK IS OCCASION FOR THE DISPLAY OF GARBS

By Nadia de Beaud (I. N. S. Fashion Correspondent)

PARIS—(INS)—Racing this week, the biggest week of all, is the occasion for the display of both horse flesh and clothes. The opening at Auteuil brought out the American Ambassador and Mrs. Straus and a number of French high officials, as well as many well known Americans.

I noticed that Mrs. John R. Drexel wore a hat trimmed with aigrettes. Mrs. W. K. Vanderbilt had a Lelong gown in black with white squares. A most effective touch was the application at the waistline: red squares on a white background. A great many velvet hats were worn that day, although I noticed that the Countess Louis de Danne, the former Miss Elizabeth Stone of Chicago, wore a large straw hat of navy blue with a gown in hyacinth blue. As she is a blond, these colors were most becoming to her.

Accidentally Drowned

While swimming in Darby Creek a few days ago Richard Burnley was accidentally drowned. Only 15 days before his death, his mother caused his life to be insured in "The Industrial," never dreaming how soon her son would be taken from her. The claim was paid promptly and the mother has written an appreciative letter:

"Allow me to thank you for the prompt manner in which the death claim of my son, Richard Burnley, was paid.

"He was insured in your company on May 21, 1934, under policy No. 651919. On June 5, while swimming in the Darby Creek, he was accidentally drowned.

"Today I called at your office, was courteously treated, and a check covering the amount due under his policy was handed to me.

"Thanking you again, I beg to remain

Look for THIS SIGN

THERE is a public Bell telephone wherever you see this sign. Look for it along the highways on your travels this summer—in city terminals—in country stores—in forest camps.

Wherever you see it, home will be less than a minute away. Telephone, and if you like, just tell the operator to reverse the charge. Calls made for a number (Station to Station calls) cost surprisingly little at any time and offer low Evening and still lower Night Rates.

Just give the number to the operator (ask Information if you don't know it) and "hold the line".

ASHBY ALLOWS ONE HIT IN PITCHERS' BATTLE

A scoreless tie. That was the result of a fine hurling match on the Edgely diamond last night between Turner Ashby, of the Braves, and Allen Gerhart, of Newportville. Ashby gave up one hit while the Newportville hurler permitted two.

The bingle off Ashby was a resounding double to left field by Clifton. Ashby struck out nine batters in six frames. The two bingles off Gerhart came from the bats of Lawler and Ashby. Lawler banged out his in the first while Ashby's came in the second.

New Ruling On P. O. M. O. Becomes Effective Aug. 1st

A new ruling will go into effect on money orders in postoffices throughout the United States on the first of August. It is expected that residents of Bristol, as well as those of practically every town and city in the country will be effected from time to time by the new fee that is being levied.

The ruling is that "On and after August 1, 1934, every money order paid . . . at a post office other than that upon which it was drawn is subject to a collection of a 'Paid Money Order Fee.' For example, on an order drawn for \$12.50 the 'Paid Money Order Fee' collected should be 13 cents, and the balance of \$12.37 paid to the payee."

Heretofore money orders have been cashed at post-offices other than on which they were drawn with no fee deductible. This will cease to be the case after August 1st.

The rates will be as follows: For Orders from \$0.01 to \$2.50, 6 cents; from \$2.51 to \$5.00, 8 cents; from \$5.01 to \$10.00, 11 cents; from \$10.01 to \$20.00, 13 cents; from \$20.01 to \$40.00, 15 cents; from \$40.01 to \$60.00, 18 cents; from \$60.01 to \$80.00, 20 cents; from \$80.01 to \$100.00, 22 cents.

There are some things we refuse to do to sell a car

There are some things we refuse to do to sell a car. We like sales, but fair-dealing and the confidence of our customers are desirable too.

For one thing, we refuse to poison any one's mind against another make of car. We know what our car is and what it will do, and we are ready to tell you about that. But to imply defects in another car is not our business.

We have done our utmost to encourage intelligent buying of motor cars by showing purchasers how to protect their own interests. All that a good producer asks is a customer who knows quality when he sees it. An intelligent purchaser will speedily conclude that only a bad product requires bad sales methods.

We refuse to keep dinning in your ears that the Ford V-8 is the best, most economical, lowest priced

car. That is claimed for several cars. Obviously it cannot be true of all. There comes a point where claims and adjectives and all advertising hysteria disappears in its own fog. Personally, I prefer facts.

We say the Ford V-8 is the best car we have ever made.

We say that our 8-cylinder car is as economical to operate as any lower number of cylinders.

We say that we have always been known as the makers of good cars and that the many good, well-balanced qualities of our present car place it at the head of our line to date.

Any one wishing to do business with us on these principles will find our word and the quality of our product to be A-1. What we say about economy, operation and durability will stand good anywhere.
